

Portable Laser Welding Machine

KFW Pro Series

Water Cooling

Four-in-one Function
One Machine for Multiple Uses

50% Lighter
Than Water-cooling

Cooling Grid
2.0

100-240V Wide
Voltage Range

01 Wire Feeder

Matching Products

- Laser welding automatic wire feeding
- Robotic arm automatically feeds wire
- Automatic wire feeding for plasma welding
- Automatic wire feeding for argon arc welding

Supported welding wire diameters: 0.8mm/1.0mm/1.2mm/
1.6mm, 1.6/2.0mm (double wire/triple wire)

02 Performance Parameters

Dimension (L*W*H)	1160*730*980mm
Weight	170kg
Power	1500w-3000w
Laser Wavelength	1070NM
Auto Wire Feeder	Including
Cooling Type	Water Cooling
Spot Adjusting Range	0.1-3mm
Repeating Precision	±0.1mm
Working Voltage	220v 1PH / 380v 3PH

03 Welding Samples
